

English Experience Day Camp Animator

Moncampdejour.ca has been welcoming young campers between the ages of 5 and 17 for 20 years now. We aim to create unforgettable memories for everyone who participates in our summer activities. In a friendly and crazy atmosphere, we want to allow our animators to develop their creativity and self-esteem. Each member has an importance in the learning and supervision of the young people present to stretch during the summer.

Coming to work at moncampdejour.ca is ...

Boosting! The world of day camp is an exceptional experience that forever marks the memory of our team of counselors. The moncampdejour.ca team becomes a big family from day 1; each member of the team is there for each other. The coordinators, whom we like to call big brothers and sisters, mentor our counsellors throughout the entire process, from setting up their programming of activities offered to young campers to facilitating these activities.
